Support our annual raffle to help ARO continue providing essential veterinary care to animals living in impoverished communities within the Western Cape. All funds raised will be focused on primary health care and sterilisation which remains the most effective way to reduce unwanted litters and avoid a life of neglect, abuse, cruelty and suffering. We achieve this through our Mobile Clinics, which are the critical link between the ARO hospital and the animals who need us most.

Your support of our work is hugely appreciated.
